

72 WINDOWS TESTIMONIES

"Since I begun these teachings of 72 windows in this team till today I have acknowledge things under the guidance of 72 windows in the word of God. It guessed me understand that I can't enter the house without passing in the door. Another thing, since I started to learn these teachings, my former works which were considered as good after turned to bad and I saw that I sinned in not taking them in consideration. This teaching has changed many things in my life after reading being alone and participating in groups when discussing with others about 72 windows in word of God.

An additional thing, are many persons who are seeming to be lost but nowadays, I am trying to help them through what I learnt in this Bible study. I understood also scriptures in Old Testament and New Testament and it is helping me to improve much in the word of God."

"Praise the name of the Lord our Father in the most high! I am so grateful to get this opportunity so that I can express my joy and say how helpful these teachings of 72 windows in the word of God were. 72 windows in word of God study was an interested study because I performed much as a church leader. I have seen that my elders in faith like Abraham, Moses, Daniel, David, etc how they dealt with the faith and achieved much through obeying God and this spoken faith.

This study has shown me how I can pray, Ten Commandments, therefore, till now I have improved much in my life through this Bible Study. Wherever I go, I preach the gospel without hesitations in proclaiming that Jesus is the only door and the word of God is windows that permit us to watch the goodness of our father.

To God be all glory!"

"This testimony of mine is about talking about how I found beneficial and helpfully this Bible Study. In this Bible Study, I have known what windows are and what the door is specifically in this booklet. The door is Jesus Christ and windows the word of God. There is no one who can know the word of God without knowing who Christ Jesus is as it is written in the Holy Scriptures that there is no one who can go into house without passing through the door. In group discussions, I was able to ask others what I was not able to understand when reading being at home. To get an answer in group discussion it was something easy as someone who wanted to grow in faith. Being in my family, in every evening we share the word of God taking the guidance of 72 windows in the word of God.

Be blessed Dear brother for letting us improve much about God's word!

Your Sister Pascasie!"

"Praise the name of the Lord!

I am so grateful today to get this time so that I can testify how the power of the word of God is to be manifested in this Bible Study which was started and still directed by Teddy Donobauer.

Trying to be brief, there is no one who is not aware of the importance of studying. It's in studying our brain is made brilliant. Particularly, studying the word of God is sharpening our brain and seeking relationship with the Lord.

Therefore, in this Bible study as a facilitator, I was able to help my team to achieve this booklet without any burial. During this Bible study students were able to come on time, to ask different questions which got answers in group discussions. We got time of praying each other according to the burden and witnessing.

I would like to thank everybody who is contributing in everything so that this course may be on this territory of Burundi."

"Since I started this Bible study I have understood much about this book of 72 windows in the word of God.

Generally, it helped much to get a deep understanding about the word of God in Old Testament and in the New Testament. It gave me a great courage because when I was in the team others helped me to understand very well things which were not known before. Another great thing, this plan of 72 windows in the word of God helps me in devotions and in my daily prayer."
